

PHILLY BEV TAX IS HERE

Starting on **January 1, 2017**,
you might notice that your
bill looks a little different.

That's because the 1.5-cents-per-ounce Philadelphia Beverage Tax is being imposed on sweetened beverages distributed within the City of Philadelphia.

As a distributor of sweetened beverages, we're required by law to register for and pay the tax. And as your distributor, we want to let you know that we're tax compliant.

Want more information on our status as a **registered distributor**, what's required of us, and what you need to do under the new tax law?

Visit PhillyBevTax.com for facts on the tax.
